## Seiger Transfer To Ass't Post; New State Policy

Milo Seiger, former Assistant Superintendent of Sumter Correctional Institution, was assigned to the post of assistant to the director of Glades Correctional Institution in early May of this year.

As a result of the new policies of the Florida division of corrections, assistant superintendents or other administrative personnel are transferred within the state. The assistants are trained to later become department heads in the institutions.

L. P. "Hap" Parson, present director of Glades Correctional Institution, chose Seiger as his assistant when he was superintending at Sumter. After the new policies became effective, Seiger was transferred here.

When speaking of the Seiger transfer, Parson said that they were the type of family we are happy to move into our midst and the community.

Seiger, a native of Granville, S. C., was a Boston's Marine with the Marines and assigned to an Underwater Demolition Team from 1941-1945. After being discharged from the Navy he attended Florida State University where he earned his B.A. in American History and later his M.A. degree in College Library Administration.

He began his career with corrections at the institution at Raiford State Prison, where he worked from 1953-1964. Parson said he worked as a civilian employee at Elgin Air Force Base, and has worked as a supervisor with the University of Miami.

At Raiford he began in the Business Department and was later promoted to Director of Records and Personnel. Before being promoted to an administrative position in 1961, Seiger was placed in the Classification Department.

For a short while, he was an administrative assistant to the director of the Florida State Division of Corrections in the central office, Tallahassee. Later, he was chosen by Parson, who was then director at Sumter, in Bushnell, Fla., as assistant superintendent.

Seiger was a member of the Bushnell F. & A. M. No. 30 where he was Past District Deputy and Grand Master for District Eight. He is married to the former Roberta Whitfield of Campville, Fla., whose father, now retired, was postmaster at Raiford. The couple have four children: Mike, 19, who is a junior at FSU and plans to study law; Susan, 15; Sally, 13; and Steve, 10.

At the end of July, Parson said, Seiger will have a total of 15 years experience in two or more correctional institutions. According to Parson, the corrections in Florida are getting better. "Florida has moved definitely forward to a new fifth in the nation," he said. "California is still number one."

A new "Work Release" has been initiated in the correctional institutions, Parson reported. It allows certain inmates to work outside the camp six months prior to parole. This makes the transition easier upon release. Since in the 1967 regular legislative session in Florida, efforts

were initiated to allow more money to the correctional institutions for additional teachers. However, it was not until the special session in 1968 that the Education Package was "funded," effective July 1, 1968, allowing these institutions to employ more teachers.

At present, the academic staff at Glades Correctional Institution consists of three classroom teachers, one education supervisor and eight vocational instructors.

Under the new "Package," the institution has been able to hire a librarian, nine classroom teachers, and a vocational training coordinator. There are 480 inmates and 121 employees at the Correctional Institution here.

A. F. Cooke, past assistant superintendent here, is now with the Reception and Medical Center at the Lake Butler Correctional Institution.

## Headlight Inspection Leniency Ordered By State Officials

A decrease in volume of traffic on the state highway system, according to state officials, has prompted them to order more leniency in headlight inspections and Palm Beach County. The state law calls for stiff penalties — up to a \$500 fine for motorists who do not comply with the inspection program.

Despite speculative reports, Palm Beach County has had no official word from the state whether or any move toward only once-a-year vehicle inspections," said Dean, noting that some motorists have taken advantage of station lulls at their convenience.

Unless more vehicles are taken to the stations, evening hours are set up for convenience to residents may be abandoned, he said. Stations at West Palm Beach and Lantana airports have

## Let freedom ring

In observance of Independence Day, members of the Little Glades Junior Chamber of Commerce are cooperating in "Ring Out for Freedom."

In commemoration of the day, all churches have been requested to ring their bells for one minute at noon on July 4. The Fire Department's siren will be sounded briefly. Fire Chief Cecil Bair said.

All area residents are urged to devote a minute of prayer at the noon hour, according to Roy Alston, program chairman.

## More H.S. Grads But Fewer In Universities

Trends in college attendance in Florida show more 1967 high school graduates going to college, more of these enrolling in junior colleges and trade schools but fewer rather than more going to universities than four years ago, the Florida State Chamber of Commerce pointed out in its Weekly Business Review released yesterday.

Florida's public high schools had 64,190 June graduates in 1967, 18 per cent more than in 1964. Sixty per cent of these, 38,265, went on for further study. This proportion was 55 per cent in 1964.

The number of graduates continuing their schooling has gone down 28 per cent during the past three years, a significant rate of drop since it is much faster than the 18 per cent gain in the total number of graduates. "Florida junior colleges at-

tracted 20,766 of the graduates last year, up 59 per cent in three years. Four-year universities in the state drew 8,145, down 6 per cent. Out-of-state colleges attracted 5,731 Florida graduates, up 9 per cent in the three-year period.

"Technical schools registered 3,623 graduates from Florida high schools, up 6 per cent. Of this total, 517 went to out-of-state institutions.

"These statistics refer only to the public high school graduates in Florida and are based on research studies of the State Department of Education. Last year's almost 4,000 graduates of private high schools in the state are not included."

Buddy Wilder, son of Mr. and Mrs. Floyd Wilder of South Bay, was elected by the American Legion Post No. 161 to attend Boys State in Tallahassee.

Buddy was president of his Freshman class, Vice-president of F.F.A. in his junior year, and entered in football and track.

He was recently elected Student Council President for the coming school year at Belle Glade High School.

## Lack Of Space Ends School Exhibit At Fair

By Robert W. Fulton  
County Superintendent

It is with much regret we announce the Palm Beach County School System will not have an exhibit in the 1969 South Florida Fair and Exposition.

The absence of our connection with this area events spans the history of the county. In the past, we have had exhibits of bygone fairs, and change brought new needs and new demands, which must be evaluated.

Earlier this month we received a letter from fair manager William C. Ochs also noting the change in time.

Noted that the fair board's efforts are being directed at this time towards more industrial and international exhibits and the fair's management is being faced with a greater demand for

space... (than they)... are able to provide. This means that the fair board's management can no longer afford to continue its past general policy of providing one whole building to education. A wall of space of an adjacent space was nevertheless generally placed at our disposal.

For our part, we have already been reviewing the cost in time

and money to the taxpayers spent each year on our fair exhibit. We estimate last year's exhibit cost approximately \$24,000 in cash, equipment and man-hours. Yet we have created a truly impressive display in the countywide school system in keeping with the most sophisticated demands of these days, would have cost considerably more.

that his department in cooperation with county officials and the Tri-County SR 80 Committee, have studied "the three most feasible locations and design concepts."

"You are urged to attend the public hearing to learn the results of the studies, and to voice your opinion relative to the means by which the improvement should be accomplished," continued Brown.

The hearing is scheduled for Wednesday, July 24 at 8 p.m. and is to be held in the Glades Office Building Auditorium.

However, if attendance warrants a larger meeting room, the hearing may be moved to the Armory or high school gymnasium.

Weaver said that a move to have the hearings held at Royal Palm Beach were squelched because Arnold Ramos, new chief engineer for SRD district 4 will attend the meeting and, said Weaver, "I don't think he has driven over SR 80 and I want him to do it."

Weaver went on to say that because Governor Claude Kirk "promised strong support" at the annual Farm Bureau dinner here prior to his election and later to a group of 400 at the Marina following his inauguration, that there is a "good possibility the Governor will consider attending this hearing."

Prices were lower at the livestock market this week. Slaughter cows and stocker calves were off about 50c to 1.00, stocker steers off about 50c.

The Cabbage Palm Ranch, Delray, topped the market with a 3.45 cash calf.

There was a run of 403 head sold with 40% going to slaughter and 60% to stockers.

Mr. and Mrs. Ivan Van Horn expect to leave Monday for a month's vacation to Milton and Lake Mills, Wisconsin.

At the pet show Wednesday, rabbits were awarded for the largest, smallest, best trained, cuttest, prettiest and most unusual animals.

1st prize for the largest was given to Kenneth McDonald who brought a horse named Dusty. Anna Marie LaChance won first prize for the smallest for bringing ants. Second prize was won by Linda Lively who brought 24 snails all named Pinky.

1st prize for the Best trained was won by Larry Berryhill for his Spitz dog named Snow ball. Quetz was won by Penny and Peggy Carlton for their bull terrier called Betty, attired in a red and white plaid collar and a straw hat adorned with green

feathers. 3rd prize was won by Tommy Simmons for his black cat — "ain't got no name." Prettiest was won by Mickey McKee for his dalmation puppy, Peggy Spell won first prize for most unusual. She brought a turtle named Spot painted in a modernistic design.

Among the local golfers playing recently are Chief Goodlett and Sgt. Vern Clark. Louise McWhorter won a prize in the Army handicap playing Wednesday afternoon. Golfers on vacation now are Rapley Weeks, Edith and Alyce Van Landingham and Kat Weeks.

Suzanne Forsee and Jane Norris were the delegates to Girls State this year. Joel Parker and Jimmy Robertson were the delegates to Boys' State.

## New Income Tax Withholding Tables In Mail

Jacksonville, Florida — New withholding tax tables which include the 10 per cent surcharge passed by Congress last week are in the mail and will be in the hands of Florida employers with in the next few days, according to A. J. O'Donnell, Jr., district director of Internal Revenue Service for Florida.

Mr. O'Donnell said that although the President has not yet signed the bill, the tables are being released by IRS so that employers can put the new rates into effect without any delay. The bill as enacted by Congress requires employers to use the new rates for wages paid after the 15th day following the signing of the bill by the President. Employers who have been filing quarterly withholding tax returns on Form 941 will not have to request the new tables, as the revision of Circular E now in the mail contains the new tables in both percentages and wage bracket form. New employers who have not previously filed Form 941 may obtain the revised Circular E from their local IRS office.

Director O'Donnell also called attention to a typographical error which appears on page 33 of the revised Circular E. He pointed out that correct withholding for the \$380-\$500 wage bracket with 8 exemptions is \$61.10 rather than \$91.10 as shown on the circular.

Local Families

Enjoyed Visiting

Forbidden caverns

Mr. and Mrs. Frank Remondino and family of 400 N. E. 3rd St., and Mr. and Mrs. Jimmy Brown and family all of Belle Glade recently enjoyed a visit to Forbidden Caverns, near the Great Smoky Mountains, to view the many natural formations in the cave.

Forbidden Caverns, a short drive from Gatlinburg and Sevierville, Tenn., was opened this season after two years of excavating and construction work.

The attraction features some of the most spectacular formations in America, all illuminated by an extensive theatrical lighting system. Stereoscopic sound presentations in the grottoes recreate the days when the prehistoric Woodland Indians inhabited the cave and surrounding valley. Indian legend refers to the cave as "The place that is forbidden . . . hollow mountain of two streams . . ."

Some of the main points of interest are: "Eternal Falls," an almost 100 foot waterfall down a natural chimney formation; "The Sacred Stream," a crystal-clear stream that winds through the caverns; "The Grotto of the Dead," with reflection pools and stalagmites stand in a semi-circle around a small lake; and "The Wall of Oxyx," a significant formation of solid cave onyx.

## MR. AND MRS. JOSEPH L. THOMPSON

Sherill Ann Newman became the bride of Joseph Leroy Thompson in a double ring ceremony Friday, June 28 at 7 p. m. in the First Baptist Church, Belle Glade.

The Reverend Stephen L. Cloud officiated before the altar flanked with candelabra, palms and large baskets of white gladioli and pom-poms.

Mrs. Z. T. Ingram presented a program of nuptial music and accompanied Mrs. Annie Allen, soloist who sang "Because" and "Oh, Perfect Love."

The bride is the daughter of Mr. and Mrs. Bobby D. Newman of 33 N.E. Ave. J, Belle Glade. She is a graduate of Belle Glade High School, was a member of the D.C.T. Club, Pep Club and Science Club. She is employed at Glades General Hospital as a medical Records Clerk.

The bridegroom son of Mr. and Mrs. Roy Thompson, 585 E. Main St., Pahokee, graduated from Pahokee High School and was a member of FFA Club, Pahokee Chapter. He is employed by Tru-Fit as a welder in Belle Glade.

Given in marriage by her father, the bride wore an A-line, white gown with a train, Belinda Bellville gown of white satin semi-fitted, featuring A-310 Cypress Ave., Pahokee.

The couple's new residence is at 310 Cypress Ave., Pahokee.

The reception followed in the Church social hall. Seating were Linda Motes, Mrs. Reba Collins, Mrs. Pearl McBee, Diane Holcomb, Marie Moore, the bride's book.

**'The Restful Yoke'**  
...ye shall find rest unto your souls. For my yoke  
is easy.  
How paradoxical it seems  
to connect "rest" with a "yoke."  
The world usually proposes to  
ease our lot by the removal of  
the harness of service; not so  
the Saviour. He gives rest by  
infusing us with power to make  
the task light, and by getting into  
the "yoke" with us and pull-  
ing the greatest share! Why then  
is rest connected with the yoke?  
Because only in His service do  
we find true tranquility and  
blissful Obedience to Him de-  
livers us from the unrest of  
self-will. It brings relief from ty-  
ranny of passion, from the  
weight of too much liberty, and  
from conflicting carnal desires.  
Our goal becomes sure, our pathway  
certain. His burden is light be-  
cause as St. Bernard says, "It carries  
the man who carries it."  
Even as a yoke enables an animal to  
do easily that which otherwise  
would be difficult, so the yoke of disci-  
pline fits us to do with joy and ease  
the task the Lord has planned for us  
in this life. The more completely we  
open our hearts to God—  
the more we are infused with His Spirit  
which is love; and love, as we know,  
happily "bears all things."  
Most of you no doubt have seen the  
photo of the young boy carrying his  
smaller brother who has been injured.  
Apparently the rescuer has been asked  
if his is not too great a load for  
him, for underneath the picture is  
printed his reply: "He's not heavy—  
he's my brother!" Yes, love lightens every  
task.  
Well does Spurgeon say: "Christ's yoke  
will be no more a burden to us than  
wing are to a bird!"  
Tell me not of heavy crosses,  
Nor of burdens hard to bear,  
For I've found that truth in  
Makes each burden light appear;  
And I love to follow Jesus,  
Gladly counting all but dross,  
Worldly honors all forsaking.  
For the glory of the cross!  
"The yoke of Christ is restful because it  
is upheld by His power, and lined with  
the soft down of His grace!"

**First Baptist Church of Christ Scientist**  
A communion service will be well-known  
passages from Matthew 11:28-30. "Jesus  
took bread, and he brake it, and he gave  
it to the disciples, and said, 'Take, eat; this  
is my body.' And he took the cup, and gave  
thanks, and gave it to them, saying, 'This  
is my blood of the new testament, which  
is shed for many for the remission of sin-  
ners.'"

**Reception Given Father Balado**  
The Reverend Father Armando Balado has been appointed Assistant pastor of St. Brendan, Miami. Father Balado has been with the parish for 14 months and his record speaks for itself.  
At the regular meeting of St. Philip's Holy Name Society held earlier in the year, President Vernon Dexter stated that Rev. Balado is to be commended on the excellent job he is performing with the youth of the parish.  
A farewell reception was held Sunday following noon Mass in the parish hall honoring Father Balado. He was given this reception by Legion of Mary, Belle Glade, Pahokee and South Bay and another by a pro-cuban association.

**WHOEVER experiences the transforming friendship of Jesus knows himself to be a free person. He also knows he has the responsibility of developing Christian attitudes and practicing them daily in various situations.**  
A Christian gentleman who was buying his afternoon paper said, "Thank you, Sir," to the sour-faced clerk, who made no response.  
A friend walking with him asked, "Do you say 'Thank you' to that surly fellow every afternoon when you buy your paper?"  
"Why, yes," replied the gentleman. "I can't let someone else decide how I'm going to act."  
Christian liberty is not only freedom from something but freedom for something—freedom to become servants of God. We serve Him by deeds done in Christ's spirit, by reacting as Christian persons at all times—in unpleasant as well as pleasing situations.

**PRAYER:** We do not pray, dear God, for greater freedom, but for wisdom, courage, and love enough to make right choices with the freedom we have as Thy servants. In the spirit of Jesus. Amen.

## De Interes En Belle Glade

### DIA 4 DE JULIO

HOY, Día 4 de Julio, es el Día DE LA INDEPENDENCIA en los Estados Unidos, la fecha mas grande, en este país.

Los cowboys celebran con rodeos en Kissimmee y St. Cloud, de Julio 4 al 7. Habran celebraciones también con autos de carreras, y 64 muchachos Reinos de Belleza adornaron los programas para el día 4 de Julio. Habran paradas por las calles, celebran también con cohetes y barbécues al aire libre. En Daytona Beach a la medianoche de Julio 3 conmemoran el viaje de Paul Revere. El día 4 celebran las carreras de autos. Anterior a estas carreras, comenzando en Junio 30 hasta Julio 3, se celebró un concurso de belleza, cuya ganadora sera huésped en los eventos de las carreras. Celebran también con conciertos y recitales con diferentes artistas invitados.

En Miami Beach, habra cantidad de bellezas internacionales que entraran en el concurso de Miss Universo, de Julio 4 al 15. Y seran recibidas con una Parada, a las que ellas asistirán con los trajes típicos de sus países. Habra comidas y bailes de celebración en todos lugares.

La Fiesta Anual del 4TH OF JULY, se celebrara en Pahokee a la caída del sol con exhibición de fuegos artificiales en el break water de Pahokee.

Después de los fuegos artificiales el Lion Club ofrecera un barbécue dinner en su club, el cual costara el costo de \$740 de los fuegos artificiales. También se han dado donaciones por los ciudadanos y varios comercios.

En esta fecha 4 de Julio, se recuerda a la Estatua de la Libertad que adorna la bahía de Nueva York. Inspirada por el frances Edouard de Laboulaye, profesor de leyes e historiador, quien constaba con muchos amigos en America.

Laboulaye era un devoto Catolico quien escribia que la libertad era "hija del evangelio, hermana de la justicia, madre de la igualdad, abundancia y paz".

El escultor de la Estatua de la Libertad fue el joven escultor de Alsacia, Frederic Bartholdi, quien decia de su colosal escultura que era "La Libertad iluminando al Mundo".

Habiendo comenzado ya la época de los Huracanes en Florida, con los ciclones Abby, Brenda y Candy, recordamos a los refugiados siguientes: Belle Glade Elementary School, Gove Elementary School, Gladesville Elementary School, Belle Glade High School, Lake Shore High School, Okeechobee Center Recreation Building.

Y como precauciones, si los pasan en sus hogares, se recomiendan:

1. Oír radio o television para los ultimos avisos del tiempo.
2. Evacuar las playas expuestas y las areas bajas. Si no se sienten seguros en sus casas, vayan a alguno de los Red Cross shelters.
3. Si Ud. vive en un mobile home (trailer) debe dejarlo bien asegurado y refugiarse en un shelter u otro edificio seguro.
4. Vigilen las subidas de agua en los locales cerca de rios, arroyos y canales.
5. Ponga cubiertas de tablas o "tapa" para proteger sus cristales.
6. Comprean comida extra especialmente aquellas que se pueden preparar sin cocinar y necesitan poca refrigeración. Puede que falle la electricidad.
7. Asegure de que sus utensilios de cocina estén en buen orden para trabajar, y tener bastante combustible a mano.
8. Guardar en storage agua para tomar, en caso que falle el agua. Esterilice su bandera y otros recipientes y llenelos de agua.
9. Cursos de primeros auxilios deben tenerse a mano, como tambien linterna y otras luces de emergencias.
10. Llene su auto de gasolina. Si falla la electricidad por varios dias sera muy difícil bombear la gasolina en los garages.
11. Asegure que no quede pieza suelta que pueda volar. Objetos tales como latones de basuras son potencialmente peligrosos como tambien herramientas de jardin, laguetes, machos afuera. Baje sus antenas de television, pero use extremo cuidado si Ud. no posee un crank-down antenna.
12. Asegure que una ventana o puerta pueda ser abierta, en el lado de la casa opuesta al que afronta el viento, para aliviar la presión del aire.
13. Cuando el centro u "ojito" del ciclon o huracan pasa, hay una calma en el viento que dura de unos pocos minutos hasta mas de media hora. Si Ud. quieren hacer algunos reparos durante este tiempo, acuerdense que la fuerza de los vientos huracanados volverá de pronto en la direccion opuesta, muy corrientemente a mayor velocidad de aquellos que han pasado.

### Despedida al Rev. Padre Balado

El Reverendo Padre Armando Balado, a los once meses de estar en nuestra Parroquia, ha sido designado Pastor Asistente en la Iglesia de St. Brendan, en Miami.

El pasado domingo en la Iglesia St. Philip Benizi, de Belle Glade, le fue ofrecida una sentida despedida. El Padre Balado se despido con mucho sentimiento, pensando en el nombre de la congregación la Juventud Catolica a quienes tanto ayudo, y en todos los feligreses que lo estiman, habiendo sido para todos no solo sacerdote y confesor, sino amigo.

Monsignor Jurist siente mucho su ida, pero se alegra por la Parroquia St. Brendan de Miami, donde lo esperan mas de 2,500 familias de Habla Espanola.

En la despedida hizo la introducción y fungio de maestro de ceremonias Mr. J. A. Finan, despidiendole a nombre de la congregación americana el Dr. John L. Grady, y despidiendole a nombre de la congregación latina el Dr. Ramon Corona, con muy emocionantes palabras.

Le hicieron varios presentes de recuerdo, entre los cuales recibio un cachorrito de perro Guardian Aleman (German Shepherd), para que lo acompañe en su nueva parroquia.

Nuestros mejores deseos a mucho exito al Padre Balado en su nuevo nombramiento.

Use su telefono solamente para reportar emergencias. Y de los 8 a.m. hasta 5 p.m., incluyendo sabados.

En las Leyes del Estado hay multas hasta de \$500 por no cumplir con el programa de inspeccion.

ASOCIACION PRO-CUBA (de Belle Glade) esta organizando un curso de verano que dara comienzo el proximo 15 de Julio. Enseñaran Idioma Español, Geografia e Historia de Cuba, y Artes Manuales.

La matricula es tan abierta del 1 de Lunes lo, al Viernes 5 de Julio, de 7:30 a 9:30 P.M., en el local de la ASOCIACION, situado en 225 E. Canal St., N., Belle Glade.

Para participar en estos cursos NO es necesario ser miembro o familiar de esta Asociacion, segun declaracion de la Directores de inspeccion en sus casas.
